What is this product?

Type

Shares of a sub-fund of Fidelity UCITS II ICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS).

Term

This fund is open-ended.

Objectives

Objective: The fund aims to achieve long-term capital growth and income.

Investment Policy: The fund invests at least 85% of its net assets in unit classes of Fidelity Global Sub-IG Fixed Income Fund, a sub-fund of Fidelity Common Contractual Fund II (the "Master Fund"), providing exposure to a diversified portfolio. The Master Fund may, with the remaining portion of its assets and on an ancillary basis, invest in equities or equity-related securities. Such securities may include common stocks, depositary receipts (American Depositary Receipts, European Depositary Receipts or Global Depositary Receipts) and related securities (preferred stocks, subscription rights, warrants, convertible securities and convertible preferred stocks).

The Master Fund may also invest on an ancillary basis, in investment grade government and corporate bonds and convertible bonds, and for cash management purposes in cash and cash equivalents.

A small portion of the fund (up to 15%) may be retained in cash or invested in liquid instruments for liquidity purposes and for the purposes of paying any expenses of the fund. Such instruments may include money market instruments, including bank deposits, fixed or floating rate instruments, cash and cash equivalents.

Investment Process: The fund is a feeder fund and will be substantially invested in the Master Fund.

The investment returns of the fund are expected to be very similar to the Master Fund but returns could differ as the fund may invest up to 15% in cash or liquid instruments, as described above.

Benchmark: The Sub-Fund is actively managed and references a composite of 50% ICE BofAML Non-Financial Developed Markets High Yield Constrained Index GBP hedged, 12.5% JP Morgan EMBI Global Diversified index Hedged to GBP, 12.5% JP Morgan CEMBI Broad Diversified Core Index Hedged to GBP and 25% JP Morgan Government Bond Index-Emerging Markets (GBI-EM) Global Diversified Hedged to GBP for comparative purposes only.

Base Currency: EUR

Additional information: You may sell (redeem) some or all of your shares on any Valuation Day.

As this is a non-distributing share class, dividends are re-invested.

This key information document describes a sub-fund of Fidelity UCITS II ICAV. A separate pool of assets is invested and maintained for each sub-fund of Fidelity UCITS II ICAV. The assets and liabilities of the fund are segregated from those of other sub-funds and there is no cross-liability among the sub-funds.

Depositary: Brown Brothers Harriman Trustee Services (Ireland) Limited.

Intended retail investor

This product may appeal to investors with a basic knowledge of and no or limited experience of investing in funds, who plan to hold their investment for a recommended holding period of at least 4 years, who seek capital growth over the recommended holding period and income; and who understand the risk of losing some or all the capital invested.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 4 years.
The actual risk can vary significantly if you cash in at the early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity to pay you.

Additional risks: credit.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If FIL Investment Management (Luxembourg) S.A., Ireland Branch is not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: 4 years Example investment : EUR 10,000		If you exit after 1 year	If you exit after 4 years
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	4,480 EUR	5,170 EUR
	Average return each year	-55.2%	-15.2%
Unfavourable	What you might get back after costs	7,210 EUR	7,930 EUR
	Average return each year	-27.9%	-5.6%
Moderate	What you might get back after costs	9,310 EUR	9,590 EUR
	Average return each year	-6.9%	-1.1%
Favourable	What you might get back after costs	11,300 EUR	11,460 EUR
	Average return each year	13.0%	3.5%

The stress scenario shows what you might get back in extreme market circumstances.

The unfavourable scenario occurred for an investment between 09/2018 and 09/2022.

The moderate scenario occurred for an investment between 12/2017 and 12/2021.

The favourable scenario occurred for an investment between 01/2016 and 01/2020.

What happens if FIL Investment Management (Luxembourg) S.A., Ireland Branch is unable to pay out?

The assets and liabilities of this product are segregated from those of FIL Investment Management (Luxembourg) S.A., Ireland Branch. There is no cross-liability between these entities, and the product would not be liable if FIL Investment Management (Luxembourg) S.A., Ireland Branch or any delegated service provider were to fail or default.

This product does not participate in an investor compensation scheme.

What are the costs?

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 4 years
Total costs	839 EUR	1,083 EUR
Annual cost impact (*)	8.4%	2.8% each year

(*)This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 1.7% before costs and -1.1% after costs.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	5.00% of the amount you pay in when entering this investment.	480 EUR
Exit costs	3.00% of your investment before it is paid out to you.	286 EUR
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.70% of the value of your investment per year. This is an estimate based on actual costs over the last year.	67 EUR
Transaction costs	0.07% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	7 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	0 EUR

How long should I hold it and can I take money out early?
